DETAILED ACTION

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-4, 8-10 and 12-15 rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In each of claims 1 and 8, there is an upper film "having edges located on the lower film." Does this mean that all of the edges of the upper film are located on the lower film? Or just some? Presumably more that one edge would have to be located on the lower film, because the claims state "edges" in the plural, but it is not clear whether all of the edges are included.
